Dear S.B.I.S.D. Community,

The 2020-2021 school year is quickly coming to an end and it is appropriate to reflect on the many challenges that have been overcome in order to meet the health, safety, extracurricular, and academic needs of every Sierra Blanca I.S.D. student. I would like to thank every stakeholder for making our students' education, health, welfare and safety a top priority in one of the most challenging and unknown times in recent history.

In accordance with Texas Governor Greg Abbot's executive order issued on May 18, 2021, Sierra Blanca I.S.D. will no longer require students, employees, or visitors to wear face masks, shields or other covering after June 4, 2021. After June 4, 2021, anyone who wishes to continue wearing a face mask, shield, other covering will be permitted to do so.

Sierra Blanca I.S.D., however, will continue with other COVID-19 mitigation efforts already in place, such as temperature checks of students and staff, limitations of visitors, social distancing when appropriate, and daily disinfection and sanitizing of classrooms and district facilities. In addition,

I cannot express enough appreciation for the patience, cooperation, and continued collaboration of the entire Sierra Blanca community to keep everyone safe and healthy and prioritize academics. S.B.I.S.D. has, and will continue, to work closely with local and state health authorities and the Texas Education Agency regarding protocols during the summer and the new school year.

Thank you everyone for all your hard work and promotion of academics while respecting and caring for each other!!

Sincerely,

Glenn Nathan

Superintendent - Sierra Blanca I.S.D.
